## 2010 Presidents Report:

I have much pleasure in presenting this year's 2010 Presidents report.

My aim when I took on this role was to make the State a much more Transparent and Accountable Organization. Last year I saw the start of these moves but this year I am more than happy with the progress. We have opened up our communication processes with our shooters, which has been a benefit to all and has gained their support and respect.

Looking at our State Carnival this year, I think the introduction of the Pre-nominations for the Trap and Skeet proved to be an administration success. This flowed on to the shooters in the way of much better organized and run carnivals.

Work is still needed on the ISSF and Sporting Clays State Titles and I hope to see a mark of improvement with these next year.

I would like to thank Kathleen for a great job as State Secretary. Her understanding of our sport is growing all the time and as the voice of our office, has become well known to many of our members.

I would also like to thank all of the Executives for their help and support and look forward to continuing to grow our association, which I can say I am proud to be a member of.

I will be standing for the President's position for 2011 and if successful look forward to taking the Executives into another successful year.

**Financial Report:**

The audited financial report was presented to the meeting. Those present were asked to look at the 'Statement of Cash Flows' as this represented the true financial records for the past year. The profit and loss statement was skewed to loss because of the 'writing off' of the Hall of Fame and NSWCTA office. Taking this grant to the ACTA into account the NSWCTA turned a profit for the previous financial year. The NSWCTA finances are in a sound position and the NSWCTA is able to meet debts when they fall due.
